
Veröffentlichungen zu übergreifenden Themen

- Rönner-Holm S. G. E. and Holm N. C.: Optimising studies of a full-scale SBR plant using the ASM3+EAWAG-Bio-P-model. 4th Sequencing Batch Reactor Conference, Conference Proceedings, Rom, Italy, 7-10 April 2008 187-196
- Schwitalla, P., Mennerich, A., Austermann-Haun, U., Müller, A., Dorninger, C., Daims, H., Holm, N.C. and Rönner-Holm S. G. E.: NH₄⁺ ad-/Desorption in SBR`s: simulation, lab and full-scale studies. 4th Sequencing Batch Reactor Conference, Conference Proceedings, Rom, Italy, 7-10 April 2008 249-256
- Holm N. C., Plumeyer J., Fröse, G. and Rönner-Holm, S.G.E.: Cycle specific alpha-value dynamic in full-scale SBRs. 4th Sequencing Batch Reactor Conference, Conference Proceedings, Poster Presentations, Rom, Italy, 7-10 April 2008 73-77
- Scharfscheer, M., Wetter, C., Holm, N.C. and Rönner-Holm S. G. E.: Factors determining full-scale SBR lag phases. 4th Sequencing Batch Reactor Conference, Conference Proceedings, Poster Presentations, Rom, Italy, 7-10 April 2008 143-150
- Alex J., Rönner-Holm S. G. E. and Holm N. C.: Lag phase, dynamic alpha factor and ammonium adsorption behaviour – Introduction of special activated sludge characteristics in the ASM3+EAWAG-BioP-model. 1st IWA/WEF Wastewater Treatment Modelling Seminar, WWTmod, Conference Proceedings, Québec, Canada, 1-3 June 2008 69-78
- Rönner-Holm S. G. E., Kaufmann I.A., Steinmetz, H. and Holm N. C.: Optimisation potential for a SBR plant based upon integrated modelling for dry and wet weather conditions. 1st IWA/WEF Wastewater Treatment Modelling Seminar, WWTmod, Conference Proceedings, Québec, Canada, 1-3 June 2008 127-134
- Rönner-Holm S. G. E., Mennerich A. and Holm N. C.: Specific SBR population behaviour as revealed by comparative dynamic simulation analysis of three full-scale municipal SBR wastewater treatment plants. Water Science & Technology Vol 54 No 1, 2006 71-80
- Wett B., Jimenez J. A., Takács I., Murthy S., Bratby J. R., Holm N. C., Rönner-Holm S. G. E.: Models for Nitrification Process Design: One or Two AOB Populations. 2nd IWA/WEF Wastewater Treatment Modelling Seminar, WWTmod, Conference Proceedings, Québec, Canada, 28-30 March 2010 65-79
- Girault R., Steyer J-P., Zaher U., Sadowski A-G., Nopens I., Béline F., Žak A., Kujawski O., Holm N. C., Rönner-Holm S. G. E.: Influent Fractionation and Parameter Calibration for ADM1: Lab-Scale and Full-scale Experiments. 2nd IWA/WEF Wastewater Treatment Modelling Seminar, WWTmod, Conference Proceedings, Québec, Canada, 28-30 March 2010 171-182
- Alex J., Pastagiya H., Holm N. C.: First Result of the Development of a Combined High Rate Biomass – Algal Model for Wastewater Treatment Applications. 2nd IWA/WEF Wastewater Treatment Modelling Seminar, WWTmod, Conference Proceedings, Québec, Canada, 28-30 March 2010 273-280
- Alex J., Rönner-Holm S. G. E., Hunze M., Holm N. C.: A combined hydraulic and biological SBR model. 2nd IWA/WEF Wastewater Treatment Modelling Seminar, WWTmod, Conference Proceedings, Québec, Canada, 28-30 March 2010 317-324
